Subject: New Year Wishes

Dear BDI family,

Wish you and your family a very Happy New Year filled with prosperity, peace, happiness and lots of love.

As you are aware, our group annual numbers have grown well and it would not have been possible without the dedication shown by each member of BDI family. We sincerely thank you for your loyalty, integrity and for all the sacrifices you have made, to make this growth possible.

Growth means different things for different people. For us, growth is more than our annual numbers. Our real growth is in touching more lives. Looking back at the year passed, we are very excited that — this year, we have more members in BDI family — this year, BDI products are favoured by many more customers — and most importantly, this year, BDI touches many more lives.

Taking a look at what BDI Group is doing: our light-weight plastic fuel tanks are making vehicles safer, more fuel-efficient and environment-friendly; our indigenously designed and manufactured road barriers are saving more lives on the roads, everyday; our WHO and HACCP compliant plastic pallets are keeping food grains, medicines and personal care products contamination free and safe for consumption; our waste management products are contributing to our country's cleanliness. And similarly, we are confident that our new under-development innovative products will set new benchmarks for the industry and contribute in the nation's growth and well-being.

Let us all welcome this new year with open hearts, love, compassion and — quest for excellence, productive efforts and an unparalleled passion for success. We look forward to another fantastic year of growth — with BDI touching many more lives.

All the best,

Dalbir Saini
Chairman and Managing Director
